Science Showcase

Come and see how all of our students have already learned more about the beauty of God's design through hands-on exploration and the use of the Scientific Process.

You'll see information on many types of plants and animals, models of cells, examples of magnetism, how living things grow and change and so much more!!

Sweater Weather

In true Canadian fashion, our Autumn days vary in temperature day by day and hour by hour.

Please be sure your child dresses in layers to keep warm. This week, they'll need a jacket and a sweater, and even hats and gloves. Students can remove extra layers as the sun shines and the day heats up in the afternoons.

Running Club

Running Club has one last run this Season; Friday at morning recess.
Students, Grade 2-8 are welcome.
Running shoes are required.

Thank you for joining us at our In School Cross Country race on October 10, and congratulations to our race participants and winners.

The Cross Country Meet is on October 22nd at Malden Park. Please return permission forms to your homeroom teachers.
